Profile

I've been working from home throughout the pandemic in consistent work that I cannot be more grateful for, but now I seek something more creative and challenging. Learning on the job in fast-paced environments has pushed me to develop a wide range of skills and I have been placed in charge of full animation projects, student intern staff, model and product photo shoots, and website maintenance over the years. My personal work often sits comfortably in the uncanny valley and has strong inspiration from ethereal aesthetics and fairy tales. I am currently making a collection of small model houses from recyclable materials and have plans to make a second Marauders Map; it would seem one is not enough for my persons.

Work Experience

Marketing Executive

Blue Whale Spa Ltd

01/06/2018 to Present

Creating and maintaining all company photography and video content, including seasonal and sales promotions, and 5 different company brands. Info graphics, animation, digital design.
