

BlueWhaleSpa *Group*

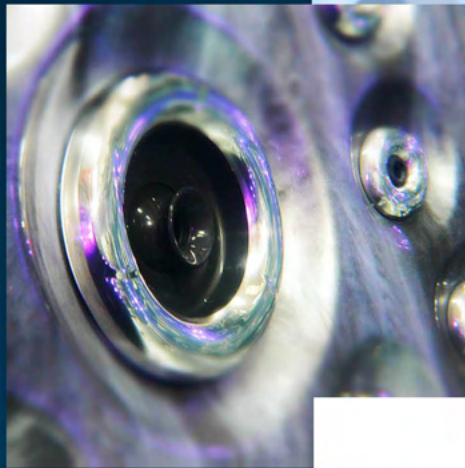

We Design The Lifestyle You Deserve

Blue Whale Spa is a UK owned hot tub manufacturer with a decade of experience in producing competitively priced, high-quality spas with the latest technology. All supported by comprehensive warranties and a dedicated after-sales service.

Choose a premium hot tub with ergonomic seats. Each seat hosting a unique pattern of adjustable hydro-massaging jets, expertly placed to target every muscle and create an exquisite massage experience. A Blue Whale Spa hot tub creates the ideal space to relax, unwind; simply lean back and watch the LED lights shimmer as the hydro-massaging water soothes any stress or tension away.

With free delivery you can start enjoying precious, fun-filled, and valuable time with your family and friends or spend an intimate night with your loved one.

BlueWhaleSpa

Blue Whale Spa Luxury, Quality, Wellness

As an award-winning manufacturer of UK designed hot tubs, we offer the latest in hot tub technology sourced from leading suppliers across the world. We design and improve our hot tubs from the ground up through specialist research and development. So you can have a smooth experience in your long-lasting, premium hot tub.

Our products are unique with innovative designs and advanced technology, from LED lights and Bluetooth speakers to efficient jet pumps to both reduce running costs and increase the enjoyment your new hot tub brings. The Stormforce 9 and 7 pumps exclusive to Blue Whale Spa hot tubs have been rigorously designed, manufactured with the latest materials and technology, and tested to be super-efficient, ideal for a more invigorating massage.

It is our mission to produce the finest quality hot tubs and help our customers find the relaxation, enjoyment, and wellness they deserve. With a huge range of hot tubs available, our friendly, expert team is here to help you find your ideal hot tub.

★★★★★ **Shannon Smith**

"Super happy with my experience with blue whale spa from start to finish. Easy process ordering my hot tub and arranging delivery. The delivery men were so welcoming and helpful. (The) Aftercare team are also amazing, checked in on me when the hot tub arrived and also a couple of weeks later to ensure I was still happy, and everything was running fine. Always on the other end of the phone for advice should (we) need. Would most definitely recommend."
